

AGC Education Foundation

2010 Construction Education Grant Program

Introduction

The AGC of Washington Education Foundation was founded in 1980 to develop and promote construction careers through education and training. The Grant Program serves to provide funding for projects that address a demonstrated need in the construction industry, encourage and attract competent people to a career in construction, make an effective use of volunteers and/or matching funds, and create a positive impact on construction workforce issues in Washington State.

Application Guidelines

Proposed projects or programs must achieve or support one of the following:

1. Promotion of academic and technical training achievement in construction.
2. Construction career awareness in grades K-12.
3. Community based non-profit organizations addressing construction industry workforce development issues and needs.
4. Promotion of education and awareness of the construction industry to 18-28 year olds.
