## EDUCATION GRANTS

AGC Education Foundation Grants serve to provide funding for programs and projects that encourage and attract competent people to construction career pathways and create a positive impact on construction workforce issues in Washington State.

### **Application Guidelines**

**Applications must be received by February 1, 2020 - no exceptions.** Proposed projects or programs must achieve or support one of the following:

- Development of academic and technical training achievement that lead to construction industry careers.
- Community based non-profit organizations addressing construction industry workforce development issues and needs.
- Development of education and awareness of construction career pathways in grades K-12.
- Development of education and awareness of the construction industry to 18-28 year olds.

*Priority is given to grant proposals that encourage careers in construction, make effective use of volunteers and/or matching funds, and create a positive impact on construction workforce issues in Washington state.*
