*MulvannyG2 Architecture in Memory of
Patricia Chikamoto Lee Scholarship
Robert B. McEachern Memorial Scholarship
Employees of Foushée & Associates Inc. Construction
Training & Education Fund Scholarship*

Hunter Hohman

Senior, Washington State University

My name is Hunter Hohman and I am beginning my final year at Washington State University studying Construction Management. I am the Vice President for our student body chapter, Associated Students of Construction Management, DBIA Events Coordinator, and a competition team member on our school's ASC Commercial team.

Building things has always been a passion of mine and I've been blessed to find a career path focused around just that. I've had two internships with two amazing companies. My sophomore year I worked for Lease Crutcher Lewis in Seattle and my junior year I worked for Skanska in Portland. I am very grateful for the investments both of these companies have made in me. I would not be where I am today without the countless hours and resources that individuals and organizations across the industry have given me.

I like to spend my free time being active which entails a lot of cycling! My dad helped me get into it at a young age and it's something that our whole family bonds over. We take trips every year and will bring our bikes wherever we go. And if you can't find me on a bike then I'm sure you'll be able to find me on a lake somewhere. I absolutely love swimming and wakeboarding!
