

2020-2021 Scholarship Recipient

Mr.A.E. DeAtley Memorial Scholarship

Jackson Schorno

Senior, Central Washington University

My name is Jackson Schorno, and I will be graduating from Central Washington University in the spring of 2021 with a bachelor's degree in heavy/civil Construction Management. I am the AGC student chapter president for the 2020-2021 school year. During the previous school year, I was a member of the heavy/civil team for the ASC competition in Reno and have applied to be on the team again for the upcoming school year.

Upon graduating high school, I decided to join the Marine Corps because I saw it as an opportunity to grow as an individual while giving back to this great nation that we are so lucky to call home. After five years of honorable service I was discharged as a Sergeant, and a Scout Sniper Team Leader. My experiences in the Marines have helped me develop as a leader, as a follower, and as a member of a team. These skills have been, and will continue to be valuable for the rest of my life.

Following my time in the Marines, I married my wife Macy, and with her support decided to further my education. I found Construction Management to be a good fit for me due to the complex and diverse nature of the work, and the teamwork associated with managing and working through construction projects. I have been enjoyed my internship with Granite Construction. I hope to be given an opportunity to work with Granite following graduation, where I can grow and develop in my career, and become a strong asset to the company.

In my spare time, I like to golf, hunt, and fish. My wife and I currently live in Ellensburg with our dogs Cleo and Jolene. We hope to continue calling Ellensburg home for many years to come. We love the open space and outdoor opportunities in Eastern Washington and feel it is the perfect fit for us.
